

International cooperation

Within the framework of international cooperation, the National Labour Inspectorate fulfills its tasks and obligations resulting from the membership of our country in the European Union and the international organizations involved in labour protection sensu largo, as well as from the provisions of the bilateral agreements of cooperation and information exchange concluded with our foreign partners. The list of our partners goes beyond the UE and the tasks accomplished by our Institution include current and long-term priorities in international cooperation. See below for general information on our foreign partners and their contact details.

National Labour Inspectorate participates in the work of:

- Senior Labour Inspectors' Committee (SLIC) – NLI's representatives have been members of the Committee since Poland's accession to the European Union. SLIC is composed of two-person representations of management of all EU Member States and three countries of the European Free Trade Association (EFTA);
- European Agency for Health and Safety at Work – a representative of National Labour Inspectorate has been a member of the Programme Council of the National Focal Point since 2003;
- International Labour Organization;
- International Association of Labour Inspection.

National Labour Inspectorate's Training Centre in Wrocław is a cofounder and member of RIIFT – an international network of training centres on labour protection, which was established in May 2002.
