

NEW RECOMMENDATIONS AND OBLIGATIONS AT CONSTRUCTION SITES

1,5 m

WORKSTATION

It is **the minimum distance** between the workstations, where an **employee or a team of employees** perform work.

Of course, whenever possible and feasible, keeping the distance of 1.5 m between the employees (even in a team) is a priority.

Regulation on the general occupational health and safety provisions (Dz. U. 1997 no. 129 item 844).

§ 2 point 8 workstation - it means the work space, together with the equipment covering the means and subjects of labor, in which an employee or a team of employees performs work.
