

Inspectie SZW (Inspectorate SZW)

Address of the seat:

PO Box 90801

2509 LV Den Haag

Tel: +31 70 - 333 44 44

<https://www.inspectorieszw.nl/>

Basic facts:

Inspectie SZW combines the organisations and the activities of the former Labour Inspectorate, the Work and Income Inspectorate and the Social and Intelligence Investigation Service of the Ministry of Social Affairs and Employment. Inspectie SZW works for fair, healthy and safe working conditions and socio-economic security for everyone.

Inspectie SZW determines its priorities on the basis of risk analyses that cover the entire policy field of the Ministry of Social Affairs and Employment. Thus the Inspectorate can use its capacity efficiently and successfully where it is really needed.

Selected areas of supervision:

- working conditions
- working hours
- employment of foreigners
- legality of employment
- major hazard control
- minimum wage and minimum holiday allowance
- work accidents
- posting of workers
- combating labour market fraud and crime.

Agreement and cooperation:

On 18 December 2013 the National Labour Inspectorate in Poland and the Inspectie SZW concluded the Agreement on cooperation, which replaced the previous Agreement on cooperation between the parties of 2006. As regards routine communication between the institutions, the information exchanged mainly covers issues relating to posting of workers, workers' complaints and binding provisions of labour law.
